Screenshot 5. Next open the Settings menu on the right. Make sure Block is selected, then scroll down to Advanced

Screenshot 6. Next, click on Advanced and the HTML ANCHOR box opens. In the box I have added science as the anchor word. In the Hamburger menu on the left, you will see the anchor word science appear next to the SCIENCE paragraph - indicating the anchor word is set. Save the page.

Setting up the link to SCIENCE from the Bookmarking page ...

Screenshot 7. Linking from SCIENCE. Select SCIENCE then click on Link in the Block menu
