

SiteWorks: SiteWorks removing links

There are two links below, screenshot 1

Screenshot 1.

Block 1 Block 2 Block 3	
download our current membership form, download our current membership form,	

In edit mode select the link you want to delete and use the delete key to remove it.

Bloc Bloc	ck 1 ck 2									
T		$\hat{}$	=	В	Ι	(-)	~		:	
download our current membership form,										
dow	<u>/ntc</u>		ur curr	ent m	emb	ershi	<u>p fo</u>	<u>rm</u> ,		

The link is removed.

To remove both links simultaneously, select the Block, go to the 3 dots, the sub menu opens, scroll down to <delete> and click, the block with the links will be deleted.
