

SiteWorks: Release Note

SiteWorks Contact Form 1.2.1

26 October 2025

Summary for Website Administrators: With version 1.2.0 of the Contact Form it is possible to send multiple copies of a message by clicking on the browser refresh button and in the browser warning pop-up confirm that you want to resend the data. The revised version of the plugin prevents multiple copies of an identical contact form being processed.

Release Consists of the Following Plugins
